

## Creative Handmade: From passion to Entrepreneurship.

INTERNATIONAL YOUTH EXCHANGE

**20<sup>th</sup> July – 30<sup>th</sup> July, 2019**

**Castellammare di Stabia, Naples – Italy**

### -Background and context:

Castellammare di Stabia, will be the background to our project. Through manual workshops (held by <http://www.vesuvianinn.com/fondazione-ras/>) they will be able to approach the creation of handmade objects, exploring their market potential.

These creations allow us to create a link with the territories where they were conceived, in our case the focus will be on the handling of clay to create typical artifacts and the creation of ancient fragrances with the ingredients of the Sorrento peninsula.

### -Aims:

The Handmade has all the requirements to help young people, N.E.E.T. or unoccupied. The project aims to provide curiosity towards the manual arts, giving concrete ideas to transform the passion towards these in a work of an entrepreneurial nature.

Manual creations infuse self-esteem and confidence towards one's own abilities, encouraging

participants to support the need to undertake autonomous actions.

Through the discovery of the manual arts, we can discover the peculiarities of all the countries

involved, moving the teachings acquired during the activities towards them and impacting significantly on the partner associations, which they can apply, in the sensitive contexts in which they operate (the schools, young women's communities, contexts at risk of social exclusion such as those of migrants, etc.) the good practices learned during the project and create a dense network with local communities.
